NEW

Scheme Proposed By President McKinley to the Filipinos.

Scripps-McRae League.

Manila, May 22.—A meeting took place this morning between the Philippine peace commissioners and the members of the United States commission. The latter presented to the Filipinos a scheme of government which they said President McKinley would establish pending the action of congress.

By this scheme the natives will be represented in an advisory council to be elected by the people, and probably on the bench and in the chief departments of administration. It is unofficially stated that Graciano Gonzales, a member of the commission, and one of Aguinaldo's cabinet, considers the scheme a liberal one.

SAYS

His Great Astor Life Has Been Distorted.

Scripps-McRae League.

New York, May 20.—William Waldorf Astor, in a biographical sketch of his great grandfather, which has just appeared in the Pall Mall Magazine, tells why he abandoned America. He says: "In America my great grandfather's life and character have been distorted and caricatured until only an old travesty survives. By the press in particular, with the exception of a few serious journals, he has been continually derided and reviled with that spirit of pure malignity which pursues the successful man. It is not democratic to climb on his back, I remember when I was a lad hearing my father say to some of the more virulent of these attacks, 'It is enough to make one want to abandon such a country.'"

Mr. Astor evidently cherishes the most material view possible of wealth. He denies that there was ever any sentimental traditions in the Astor family against the selling of its landed possessions. "So silly and narrow minded a rule," he says, "could only be imagined by very silly and narrow minded people."

EACH

Took the Other for a Robber—Queer Case.

Scripps-McRae League.

New York, May 20.—Hugh L. White, son of ex-Gov. White, of Pennsylvania, cashier of a transportation company, held up a Mount Vernon policeman at a pistol point this morning. The policeman Conklin thought White was a highwayman and White thought the policeman was a robber. He had considerable money in his possession. Conklin ordered White to give an account of himself and White quashed the policeman with his revolver and ran. Conklin later caught White and arrested him. He was discharged in court.

SOFT CLAY

Proves an Effective Gag for Burglars.

Scripps-McRae League.

Springfield, Mo., May 22.—Five burglars went to the Springfield furniture factory at midnight, captured the night watchman, tied him to a wagon wheel and crammed his mouth full of soft clay. They cracked the safe with dynamite and got \$3. The robbers had a furious battle with two ferocious dogs. One dog grabbed a robber by the throat. Both dogs were shot and the robbers escaped. The watchman was found and cut loose early this morning.

PERSONAL MENTION.

W. T. Jenkins, school land appraiser, is over from Woodward.

Mrs. T. B. Rader has sufficiently recovered from her recent illness to be out.

G. Lowell Miller, city editor of the Capital, entertained his mother and brother Saturday. They came in from Crescent City to do their shopping.

Judge Strang has returned from court at Tulsa. The grand jury returned an indictment against Ed Mahaffey, on the charge of killing McDonald, of D.

Col. Nathaniel McKay, of Washington, is the guest of his son-in-law, C. C. Kneisley, at the Royal hotel. While Mr. McKay has large property interests in Guthrie, this is his first trip to Oklahoma. He is here looking over his possessions with a view of improving them.

Yesterday Mrs. Jaks Collar, of Chandler, who is visiting Mr. Collar's parents, Mr. and Mrs. M. Collar, in passing to take a drive, stepped into the buggy and not noticing that the horse was not on the horse started to drive away. The horse became unmanageable and Mrs. Collar jumped out of the buggy, spraining her ankle severely, which will lay her up for several weeks.

Ladies' Circle of the G. A. R. will meet at the "probate court room on Tuesday evening at 7:30 o'clock, to perfect arrangements for Memorial Decoration day and transact any other business that may come up for consideration.

REQUEST

Of Aguinaldo for an Armistice Put to a Gunboat at Colon is Again Denied by General Otis.

Scripps-McRae League.

Washington, May 22.—The following was received from Gen. Otis this afternoon: "In Bulacan province troops are maintained at Quinga, Ballana and San Miguel. Lawton, proceeding down the Rio Grande from San Isidro, has driven the enemy westward from San Antonio, Carroto and Arayat, where he was joined yesterday by Kolbe's column. He will reach Santa Ana and Cadaba today. MacArthur is still at San Fernando, and will occupy the cities south and westward. The insurgent forces are disintegrating daily. Luna's force at Kasas is much diminished. He has destroyed several miles of railway in his front. A number of his officers have deserted and a few entered Manila for protection. Conditions are improving daily. I will send a battalion of troops and a gunboat to Negros tomorrow to ally the excitement in the southern portion of the island and west coast of Cebu. I have denied the request of Aguinaldo's commissioners for an armistice."

PLAYING

Rip Van Winkle In Earnest Is This Ohio Man.

Scripps-McRae League.

Fosterio, Ohio, May 20.—Matthew Steingruber is playing Rip Van Winkle in earnest. He enlisted in Payne's cavalry, a Pennsylvania troop for the Mexican war. In a charge at the battle of Resaca de la Palma he was thrown from his horse, struck on his head and lost consciousness. When he came to his intellect seemed to have stopped like a watch where it was when the injury came.

For 53 years he has lived near this city, having been brought here after the war from Pennsylvania, but his mind was a blank from the day of his injury. He always insisted that he was but 21 years old and he talked of voting of General Taylor for president at the next election. His memory of facts before his injury has been perfect, but of events since then.

The other day he was struck on the head by a piece of wood from a buzz saw. When he came to it was found that he had recovered the powers that had so long been absent, and he suddenly realized what was going on about him. The telephone, electric lights, motor cars and bicycles made his first visit to town a trip to fairyland. He is like one who has been asleep these 53 years. He says: "The world has advanced so far I fear I shall not live long enough to catch up."

COLONIAL

Government to Accord Dewey Reception at Hong Kong.

Scripps-McRae League.

Hong Kong, May 22.—Admiral Dewey will arrive here tomorrow. He will remain two weeks, during which time he will be the guest of United States Consul Wildman. The British colonial government will give him a warm reception.

PERIOD

Put to a Gunboat at Colon by the Cruiser Detroit.

Scripps-McRae League.

Colon, Columbia, May 22.—A report received from Bogas, Del Toro, says the American cruiser Detroit fired at and sunk the Nicaraguan gunboat, San Jacinto. The gunboat was the aggressor, according to the report and had fired at the cruiser. No confirmation of the report has been received.

Washington, May 22.—No confirmation of the rumor that the Detroit has sunk the gunboat San Jacinto, has been received.

FOUGHT

With Dewey, but Returned to America in Disgrace.

Scripps-McRae League.

Boston, May 22.—Fifteen of the men who fought with Dewey have arrived at the Charleston navy yard. They came not as returning heroes, however, but in iron and under the guard of a guard of marines for confinement for various terms in the United States naval prison at the navy yard. The men, 12 blue jackets and three marines, are all general court martial prisoners, and are under sentence for terms of from six months to two years for various offenses.

MURDER CASES

In Dewey County Taken to Garfield on a Chance of Venue.

Woodward, May 22.—The district court of Dewey county Judge John L. McAtee presiding, adjourned on Thursday. The cases of the territory vs. Lawson, charged with the murder of Derowan; the territory vs. Mahaffey, charged with the murder of McDonald; and the territory vs. Horse, charged with the murder of Christian, were sent on change of venue to Garfield county. The territory vs. Christian, charged with the murder of his father, was continued, as was the case of Duke, accused of the murder of Doggett. Several persons were indicted for larceny of cattle, but all arrest are not yet made.

CAYENNE

Pepper Administered to a Pupit as Punishment.

Scripps-McRae League.

Derry, Conn., May 22.—Great indignation prevailed over the method of punishment inflicted by Miss Conery who teaches the primary school, upon Johnny Tripp, aged 7. The boy was called to the teacher's desk and forced to swallow a dozen of cayenne pepper. He faintly protested about the room beside himself with pain. His screams caused other teachers to appear, and the school was soon in an uproar. The boy is now seriously ill. Miss Conery is nearly prostrated.

SURVEY

Of a New Road from Oklahoma City to Chickasaw.

Oklahoma City, May 22.—Mr. J. F. Hinkley, chief engineer of the Frisco line, arrived here last night to take charge of the surveying corps which left here this morning to make a preliminary survey for the southwest extension of the Frisco from this point to Chickasaw, L. T. and thence to a point in Texas near Wichita Falls to connect with the Texas and Denver City road. A return survey will be made, which will be the permanent survey, after which the work on the grade will be commenced immediately.

SUMMER THEATRE.

Island Park to be Transformed Into a First Class Resort.

Mr. Ed Harrington, formerly with Litt & Davis and the Black Crook company, has decided to locate in Guthrie and is arranging to start a first class summer theatre at Island Park. The enterprise will be opened just as soon as Mr. Harrington can contract with the performers. Mrs. Jennie Elmer, of this city, will be leading lady. Mrs. Elmer is well known here and throughout the west as a clever actress.

Mr. Harrington intends to conduct the park theatre on strictly moral lines. There will be no intoxicating liquors allowed in the park. Gaston Bros. will run their vehicles from Second street and Oklahoma avenue to the park, making a small charge for the ride and admission to the theatre. No charge will be made for admission to the park.

WET FOR FARM WORK.

Rains Have Delayed Operations—Rank Growth of Wheat.

Oklahoma City, May 22.—The crop report of the United States weather bureau at this place is as follows for the week ending May 20:

The frequent heavy rains of this week, following the excessive rains of last week, have further delayed nearly all farm work. With the exception of the setting out of sweet potato, cabbage and tomato plants no work could be done. The temperature has been even and favorable for all plant growth. The average for the week, 70.7 degrees, is 4.3 degrees above the normal. The sunshine was slightly less than normal. Light to brisk variable winds prevailed.

Wheat made a rank growth and is generally in fine condition. Practically no damage on inundated land by rust or moulding has been reported. The crop is everywhere beginning to head and the outlook generally indicates a good harvest. In the northwest a portion of the late crop that gave fair promise two weeks ago has, on account of weeds, been plowed up and the ground planted to other crops. Corn made an excellent growth during the week, but is generally foul and in need of cultivation. Much damage to the crop is reported from the central, southern and eastern divisions by reason of the heavy showers washing out on uplands and covering up listed fields. Except in the northwest, where the rains were not so heavy, neither transplanting or cultivating has been done.

The oat crop has done better this week than any former week of the season. It made rapid growth, is beginning to head and now gives promise of a good yield.

The weather has been too wet and cloudy for cotton. The crops making rather a slow growth, but little has yet been chopped out to a stand. Much of the crop remains to be planted in the central counties. The unfavorable conditions will have a tendency to still further reduce the acreage.

Grass has done better than any other crop and is in very fine condition. Early strawberries have been almost ruined by the wet weather, and much loss has resulted. Other small fruits are doing well. Cherries, plums, apples and seedling peaches have made rapid growth but there is some complaint of apple trees shedding fruit, doubtless due to the fact that orchards are not yet old enough to produce a full crop.
